

WFP TRUESTYLE DECKING—WESTERN RED CEDAR

TRUESTYLE™

NATURALLY THE BEST CHOICE.

WFP TRUESTYLE is the premier brand for natural wood decking and outdoor living products. The WFP TRUESTYLE brand of products are held to the highest quality standards to guarantee consistency of fiber and manufacturing. WFP TRUESTYLE branded products are ideal for the customer requiring uncompromising appearance and performance while staying true to their individual style.

REDUCES CO₂

Building with Western Red Cedar actually helps reduce greenhouse gases.

RENEWABLE

Wood is the only major building material that's renewable.

SUSTAINABLE

Western Red Cedar is recyclable and biodegradable and comes from the most sustainably managed forests in the world.

2 x 6	1 1/2" x 5 1/2"	S4SEE	Green or KD	8–20'	128

WHY WFP TRUESTYLE DECKING IS THE BEST CHOICE

WFP TRUESTYLE decking is the world's most beautiful renewable and sustainable outdoor living product. The warmth, natural durability, dimensional stability and clear distinctive colours of Western Red Cedar give the customer a product and feel that no man-made product could deliver.

WFP TRUESTYLE decking is a reversible product that is graded on all sides, tight knot, no hole, little to no wane and can be available in Kiln Dried or Green.

FINISHING & MAINTENANCE

Ultimately, the choice to finish your Western Red Cedar project is yours.

- ▶ Western Red Cedar can be allowed to weather naturally to a silvery grey look, or a wide range of stains and coatings can be applied to ensure maximum performance.
- ▶ For best results coat all six sides before installation.
- ▶ New cedar decking that is going to be finished should be protected from the weather before finish has been applied.
- ▶ Allow product to acclimatize to the environment where it will be installed to avoid unwanted shrinkage or expansion.
- ▶ Fasteners with corrosion resistance should be used. Hot-dipped galvanized or stainless steel.
- ▶ Maintain your decking by keeping it free of dirt and debris. Avoid leaving objects like planters on your deck over the winter.
- ▶ Important Note: Never power-wash a deck because it damages the wood fibres.

These recommendations are provided by the Western Red Cedar Lumber Association (WRCLA). For more information on finishing and maintenance, please visit realcedar.com/decking/finishing-choices.

Western Forest Products® is a leading forest products company that manufactures high-quality wood products and sustainably manages forests.
